National coordination of the health care response to refugees, asylum seekers and other migrants: *Working document* DENMARK

READER'S GUIDE:

The SH-CAPAC consortium is conducting a mapping of the European Union Member States' health response to the refugees, asylum seekers and other migrants entering, transiting or staying in their territories.

This working document summarizes the latest information on the influx of the different categories (see box 1 on Country Context) and on the coordination of the health care responses (see box 2) in Denmark. It also maps the available information on the WHERE-WHAT-WHO of these health care responses (see box 3). This is done for different categories: (1) recent arrivals, (2) people in transit, (3) asylum seekers, (4) refugee status granted persons, (5) undocumented migrants, and where relevant, also for (6) unaccompanied minors. Lastly we would like to map the funding sources for which the Member State's input is appreciated (see box 4 on Funding of health care responses).

*The information already completed below is based on different sources which were consulted online between January 20 and February 8 2016 and which is meant to give a first snapshot. **We would like to ask you to verify the information, to correct and amend where necessary and to complete where possible.** This mapping exercise will help the SH-CAPAC consortium to define a framework for effective health sector coordination for addressing the needs of the refugees, asylum seekers and other migrants in the European Union. **Please reply before February 16 2016 to ainhoa.ruiz.easp@juntadeandalucia.es with copy to birgit.kerstens@gmail.com and daniel.lopez.acuna.ext@juntadeandalucia.es.** More information on the SH-CAPAC project can be found in the leaflet in attachment and on www.easp.es/sh-capac.*

<i>Please correct or complete the information where possible.</i>			
Health care coordination at national/regional level	<p>A. Existence of a national coordination mechanism of the health response: YES/NO <i>(Please complete)</i></p> <p>B. Explanation: <i>(if yes, please describe how the mechanism works and who participates; if no, please describe why there is no coordination)</i></p>		
First entry assistance services	<p>The Danish Red Cross manages accommodation centres and first reception centres for new arrivals. Services include accommodation, clothes and hygiene parcels, medical and psychological screenings, health care and psychosocial support, RFL, childcare, vocational training, and various volunteer-based activities. In cooperation with the Danish Refugee Council and the Danish Medical Association, the Red Cross is also operating a health clinic for migrants which is run by volunteer doctors and nurses. Approximately 900 staff and 3,000 volunteers provide support to asylum seekers, refugees and migrants.</p> <p>source: Information bulletin IFRC Regional Office for Europe Migration response. 3. WHERE-WHAT-WHO			
<i>Please correct or complete the information where possible.</i>			
Migrant group	WHERE are they receiving the health care?	WHAT type of health care provision are they receiving?	WHO is the actor/agency providing the health care?
(1) Recent arrivals	The Danish Red Cross manages accommodation centres and first reception centres for new arrivals.	<p>Services include accommodation, clothes and hygiene parcels, medical and psychological screenings, health care and psychosocial support, RFL, childcare, vocational training, and various volunteer-based activities. In cooperation with the Danish Refugee Council and the Danish Medical Association, the Red Cross is also operating a health clinic for migrants which is run by volunteer doctors and nurses. Approximately 900 staff and 3,000 volunteers provide support to asylum seekers, refugees and migrants.</p> <p>RC does not officially provide health care (besides acute first aid) until someone seeks asylum ... i.e. people not seeking asylum (because they cannot or do not want to) are not entitled to these services and cares.</p> <p>Volunteers (including RC volunteers) provide some of the services.</p>	The Danish Red Cross Danish Refugee Council The Danish Medical Association, The Red Cross is also operating a health clinic for migrants which is run by volunteer doctors and nurses.
(2) People in transit			
(3) Asylum seekers			

Migrant group	WHERE are they receiving the health care?	WHAT type of health care provision are they receiving?	WHO is the actor/agency providing the health care?
(4) Refugee status granted		When refugee status is granted, they are relocated to a municipality – here the municipality is obliged to offer a 'health exam/health check' that is more extensive than the one offered in the asylum centres. It is voluntary for the refugee to accept the offer of a health exam	
(5) Undocumented migrants			
(6) Unaccompanied minors
